CLEVELAND WINS WORLD BASEBALL PENNANT IN SEVENTH TITULAR GAME WITH BROOKLYN, THROUGH COVELESKIE'S MASTERLY PITCHING

Left-Handed Ace Won Three of the Five Games Necessary to
Win the World Championship For His Tribe, a Feat Which
Will Be Recorded in Annals of Baseball

MARQUARD NO LONGER WITH DODGERS

Brooklyn Pitcher, Found Guilty and Fined For Violation of Cleve-
land's Exhibition Ticket Ordinance, Will Be Banished from
National Game by President Charles Ebbets

Standing of Teams.

Team	Won	Lost	P. C.
Cleveland	5	2	.714
Brooklyn	2	5	.286

Cleveland, O., Oct. 12.—Baseball champions of the world: The
Cleveland American league won that supreme title here this after-
noon when the Indians defeated the Brooklyn Nationals in the sev-
enth and deciding game of the 1920 world series, by a score of 3 to 0.
Cleveland is celebrating tonight in a manner adequately in keeping
with the honor.

The spurt victory was chiefly engineered by Stanley Coveleskie.
The shutout hurler of the local team, who proved to be a pitcher
of remarkable skill and endurance during the series. Backed by
an airtight defense on the part of his teammates at the critical mo-
ment of the game, he let the Robins down with five hits. But two
Brooklyn players reached second base during the nine sessions at
bat and but five of the invaders were left on bases.

Coveleskie's feat in winning three of the five games necessary to
win the championship for Cleveland will go down as one of the
outstanding features. The Brooklyn batters accumulated but two
runs off the moistened slants of Covey as he is affectionately called
here, in 27 innings in which he pitched. He let the Robins down
with one run in the first game at Brooklyn on October 5, allowed
him a second tally on Saturday and shut them out today.

Had Confidence of Fans and Backers.

Great as must be the credit accorded Coveleskie for his remark-
able feat in coming back after but two days of rest and pitching his
last game of the series, the general offensive and defensive work of
the other members of the Cleveland club cannot be dimmed by the
individual glory of their star box-man. The Indians, as a team, grew
more impressive as the series progressed and their feat in winning
four straight games from Brooklyn, after getting away to an indi-
vidual start, stamps the club as one deserving of all the support and
enthusiasm which their efforts have evoked in this section.

In shutting out the National leaguers in the final clash this after-
noon, the Indians, led by Manager Tris Speaker, rose to playing height
which bore out the complete confidence of the club backers and fans
in their ability to prove their right to wear the baseball crown of
the universe. They reached the spitters of Burleigh Grimes, the Na-
tional league star deliverer of this type of pitching, for seven solid
hits, clinched the game before the half way mark, as it ultimately
proved, and topped the play with several pieces of baseball strategy
that demonstrated the possession of mental alertness which marks
the difference between keen thinking and mechanical playing base-
ball clubs.

Tremendous Demonstration.
That these outstanding features were appreciated by the Cleveland
followers of the club and the middle
western section of the country gen-
erally, has been apparent since the day
the team returned from Brooklyn.
But today, the demonstration which
marked the final pursuit of Myers and
clinched the championship for the
Indians, surpassed any similar scene
in several seasons. Thousands of men,
"boys and women pour" out of the
"bleachers and stands, and simply en-
gulfed the victorious players like a
human avalanche.

Tris Speaker, sensing the coming
outburst of enthusiasm, made a dash
for center field toward the grandstand
where his mother and other relatives
occupied a lower tier box. His pro-
gress was slow, but once he reached
the rail, he vaulted over the iron
fence and into his mother's arms like
a small school boy. The scene was so
emotional that for a moment there
was a complete cessation of the cheer-
ing, which, however, broke out with
redoubled volume when Mrs. Speaker
hugged, patted and kissed her gray-
haired son and the latter responded
in a manner which indicated that he
regarded his mother's approval far
above any other reward that might
come to him as a result of the victory
of his team in winning the greatest
honor that can come to a professional
baseball player.

When Speaker finally left his moth-
er's side and started for the club
house, he was fairly besieged by re-
questers to shake hands and autograph
programs and photographs. During
the height of the demonstration,
Charles Ebbets of the Brooklyn team,
owner of the field and congratulated
Coveleskie and the Indians.

Cleveland Plans Reception.

That the citizens of Cleveland pro-
posed to properly honor the occa-
sion was shown by a conference which
was held between Mayor S. Fitz-
gerald and prominent business men
of the city almost before the final
game had died away. It was tenta-
tively decided to hold a public recep-
tion and welcome for the players of
the team in the public square of the
city within the next day or two.
The closing act of the super base-
ball drama of the season was staged
under weather conditions which were
ideal and fully in keeping with the
importance of the occasion.
The seat and foot of standing
of the park was crowd-

PRINCE REGENT ALEXANDER ESCAPES ASSASSIN'S BOMB

Brussels, Belgium, Oct. 12.—An
attempt was made to assassinate
Prince Regent Alexander of Ser-
bia during his recent tour in Bel-
gium, according to a Montenegro
press bureau today. The bureau
adds:
"A bomb was thrown under the
train in which the Prince Regent
of Serbia was returning from Saraj-
evo. Two coaches were wrecked,
but the prince was unharmed."

CARPENTIER SCORES NEW BOXING TITLE

Frenchman Banishes Battling Le- vinsky, American Light Heavy- weight Champion, in 4 Rounds

Jersey City, N. J., Oct. 12.—
Georges Carpentier, the French heavy-
weight, made his initial bow as a
fighter before an American gathering
of patrons of pugilism tonight and
knocked out Battling Levinsky, who
held the American light heavyweight
title, in 67 seconds of the fourth
round. Carpentier, who holds the
light heavyweight championship of
Europe, is now the world's title holder
of that division.

Early in 1918 Jack Dempsey, who
subsequently won the world heavy-
weight championship, knocked out
Levinsky at Philadelphia. Tonight
Carpentier failed to equal Dempsey's
time in finishing Levinsky, but he is
the only one outside the champion
who has knocked out Levinsky since
the latter became prominent as a
fighter.

Taking a line through Levinsky,
Carpentier has earned the right to
meet Dempsey for the world cham-
pionship. Levinsky was in splendid
condition and so was Carpentier. From
the middle of the first round, when
the Frenchman began to cut loose, the
outcome was inevitable. His blows
were well delivered and effective, while
Levinsky's plucky returns were
light to cut any figure.

Twice in the second round Carpen-
tier sent Levinsky to the floor of the
ring with hard right crosses. During
the third session, Carpentier slowed
up a bit and seemed undecided as to
what his next move should be. When
he did start after his man, however,
he used both hands powerfully and
Levinsky, who always was credited
with being able to absorb punish-
ment, was visibly affected.

In the final round Carpentier simply
battled Levinsky into submission and
when the latter fell almost through
the ropes, he was unable to get up
while Referee Erle counted him out.
Levinsky was badly punished while
Carpentier did not show a mark when
he left the ring.

Many Spectators Injured.

Jersey City, N. J., Oct. 12.—Six-
teen persons were injured, seven of
them seriously, when an improvised
grandstand collapsed during the pro-
gram of the Carpentier-Levinsky fight
here tonight.
The stand, which had been erected
outside the ball park where the box-
ing bouts were staged, gave way un-
der an overload of fans, many of
whom were caught and crushed un-
der the weight of fallen timbers. At
midnight the Jersey City hospital re-
ported that of the 16 injured all but
seven were able to go to their homes.

SAY LIQUOR RING HAS WIDE RANGE

Government Agents Are Working
on Confessions of Several Chi-
cago Saloon Keepers

Chicago, Oct. 12.—Government in-
vestigators are working on a ring
of saloon keepers operating on a wide
scale. It has been found that the
result of confessions obtained from
several Chicago saloon keepers, was
revealed by federal agents today.
The confessions are said to have
implicated officials of several dis-
tilling companies and politicians in
various parts of the country and to have
revealed plans to make Chicago the
center of their proposed schemes.

According to Federal Agent Sadler,
a former New York stock broker is said
to have declared he paid \$45,000 to
a Chicago politician who has been
employed as a deputy United States
revenue agent in the office of Collec-
tor Meador, to influence in the is-
sue of four federal permits under
which whiskey running in Chicago
has been carried on.

The indictment of at least a score
of persons on charges of conspiracy
to violate the prohibition amendment,
will be asked this week of the federal
grand jury, it was stated.

The information placed at the dis-
posal of the federal authorities by
Sadler is said to have disclosed that
the bootlegging already carried on in
Chicago by the whiskey ring has been
so extensive as to have netted those
engaged in its operation close to \$1,-
000,000.

The disclosures regarding the Chi-
cago operations of the ring are said
to have resulted from the seizure here
on August 24, of a shipment of 1,900
cases of whiskey of a 1,200 case ship-
ment addressed to H. A. Sadler, in
care of the American Distilling com-
pany. The liquor was shipped from
Louisville and its seizure was followed
by the arrest of Sadler, who was later
released on bond.

After Sadler's arrest here he is said
to have provided to New York and
given information to the authorities
there relative to operations of eastern
distillers. He is said to have declared
that outlaw liquor valued at millions
of dollars was shipped from New
York, Pittsburgh and Louisville into
Chicago.

"I met in a restaurant some men in
New York one day, and we began
talking about the whiskey," Sadler is
quoted as saying. "They asked me
why I didn't get into the business. He
said there was a chance for a quick
fortune. He told me I could get a
permit if I went to the offices of cer-
tain insurance brokers."

"I went to their offices and saw a
broker. I paid him \$500 and got a
bond for the permit and paid an ad-
ditional \$1,000 after I made my first
liquor deal, which netted me \$10,000.
I then heard the price of liquor was
higher in Chicago and also that big-
ger deals could be made there. Chi-
cago is regarded in New York as the
center of the booze traffic. I secured
letters of identification to several
friends in Chicago and then came
west."

OPPOSE CURRENCY DEFLATION POLICY

Farmers Face Heavy Losses Un-
less Downward Trend of Prices
Ceases, It Is Said

Washington, Oct. 12.—Steps to
appeal directly to President Wilson
against the currency deflation policy
of the treasury department on the
ground that farmers generally faced
heavy losses unless the downward
trend of prices of farm products was
checked were taken today by a special
meeting of agricultural interests, called
by the American Cotton associa-
tion.

Senators Overman of North Caro-
lina and Harris of Georgia, who are
connected with the movement, called
at the White House to make a request
for a conference with Mr. Wilson and
his cabinet and were told by Secretary
Tamm that they would receive an
answer from the President tomorrow.

The senators laid stress upon the
necessity of prompt action as a regu-
lar fall conference of the federal re-
serve board and governors of the
various reserve banks also is schedu-
led for tomorrow. The question of in-
terest rates it was said, would be
considered at that conference and the
agricultural representatives gathered
here wished to present their views on
the whole question of crop financing be-
fore action was taken by the federal
authorities.

Speakers at the meeting frequently
denounced the deflation policy of Sec-
retary Houston. Farmers stood to lose
millions unless the government acted
to check the fall of prices, they de-
clared, adding that in many cases the
market prices were now below the
actual costs of growing. The result
would greatly reduce production this
year, they said. It means to remedy
the situation were not found.

Dr. Eugene H. Porter, New York,
president of the National associa-
tion of State Marketing officials, reporting
for the special committee on perish-
able products said: "This industry was
confronted by the same difficulty as
other agricultural interests. The com-
mittee recommends standardization
and grading of products."

BIG RACE GOES TO MAN OF WAR

Lowers Canadian Track Record
For Mile and Quarter Full Sec-
ond, With Time of 2:03

VICTOR'S LAST RACE

With Last Purse, Thoroughbred
Has Won For His Owner
More Than \$250,000

Windsor, Ont., Oct. 12.—The thor-
oughbred horse racing championship
of the continent rests tonight on the
American side of the border.

Man of War, the greatest horse of
the year, galloped home with the
equine honors of 1920 at Ken-
nedy Jockey club track this after-
noon, a full eight lengths in front of
Sir Barton, the great four-year-old
from Commander J. K. L. Ross' stable.
The time was 2:03, more than
a full second better than the old Cana-
dian record for the distance.

Samuel B. Riddle, of Philadelphia,
owner of the victor is the richer to-
night by the purse of \$75,000 and a
gold cup valued at \$5,000.

The race was over a course of a
mile and a quarter at weight for age,
the winner carrying 120 pounds, to
the losers, 115. A \$2 ticket on the
winner paid \$2.10.

Great Crowds See Race.

Between 25,000 and 30,000 persons
paid to see the two great horses race.
The attendance and gate receipts set
a new high mark in the history of
Canadian racing.

The time, 2:03, was more than
a second slower than the record of
both horses. Sir Barton has a mark
of 2:01 4/5, which was later tied by
Man of War. The slow time was par-
tly due to the fact that the victor was
never in danger from the time he
took the lead at the first-sixteenth
pole.

Sir Barton drew the rail and was
away with a jump, but the lead was
short lived. Jockey Clarence Kum-
mer sent Man of War alongside and
then ahead. When the stands were
reached at the end of the first quar-
ter, the Riddle horse had a two-length
lead. Frankie Keogh, who had the
mount on the Canadian horse as a
result of a last minute turn, in which
Jockey Earl Sands was withdrawn,
rode a hard race, but was unable to
cut down that distance. Kummer
kept Man of War in check to the
three-quarter pole, then let out and
the great three-year-old responded
with a burst of speed that left Sir
Barton eight lengths behind before
the stretch was reached. The last
quarter mile down the stretch was
an easy gallop with Kummer visibly eas-
ing up his mount. The result of the
race was no surprise to track follow-
ers who had held the American horse
a heavy favorite.

Sands' Recall Causes Sensation.

The sudden decision of Commander
Ross to displace Jockey Earl Sands,
the riding ace of his stable, as an-
nounced in a cryptic message to the
press shortly after noon, was the one
sensation of the race. Sands was con-
sidered the premier horseman of the
Canadian camp, and in fact Claren-
ce Kummer, who rode the winner
and on whom Ross had first call, was
released by Sir Barton's owner that
he might ride the Riddle horse.

In his announcement of the change
to Keogh, Commander Ross explained
that Sands is not in "good form as
his recent performance will show."

The new champion raced his last
race today, according to a previous
announcement by Mr. Riddle, which
stated that Man of War would be re-
turned for breeding purposes after this
season. In his two years on the track,
however, he has piled up for his own-
er a fortune that far surpasses the
total won by any other American
horse. With today's purse and cup,
his winnings total more than \$250,000,
as compared to the \$155,550 won by
Domino in three years. Man of War
was purchased from Major August
Polmont as a yearling for \$5,000. He
has been beaten but once, Harry Payne
Memorial from him at Saratoga last
year.

GROUND IS BROKEN FOR GREAT TUNNEL

Biggest Subaqueous Structure in
the World Will Be Built for
Vehicular Traffic

New York, Oct. 12.—The states of
New York and New Jersey joined
hands today and broke ground for the
tunnel which will be the biggest sub-
aqueous structure in the world. State
officials and other dignitaries from
both sides of the nation's "rent door"
launched the \$28,500,000 project while
thousands of citizens of both New
York and New Jersey looked on
proudly and cheered.

Grasping the immensity of the pro-
ject, speakers speculated regarding
the sensation of Christopher Colum-
bus, were he a witness.
Military bands and National Guard
regiments from both sides of the river
paraded to the spot near the Hudson
where the earth was scattered in pre-

MILLER DEFENDS WELFARE PROGRAM

"Real Welfare" Only Can Be Ob-
tained Through Election of Re-
publican Candidates, He Says

Philadelphia, Oct. 12.—Nathan L. Mil-
ler, Republican gubernatorial candi-
date, told an audience here tonight
that the kind of welfare program he
advocated for the state was to at-
tain the "real welfare" not the "welfare"
which might benefit some at the ex-
pense of others.
His brand of "welfare," he said,
could be secured only through the
election of Republican candidates to
state and federal offices.

"Governor Smith," declared Mr.
Miller, "does not dare to speak on na-
tional issues, because he knows the
policies of the Democratic party in
the nation will be repudiated by the
people and he hopes that by exposing
them by talking upon issues made by
himself he will be able to slide in his
other term in the executive mansion in
Albany."

Welfare of men, women and chil-
dren of New York state, he asserted,
is dependent upon the retention in
our hands of the decision as to whether
we will again send American boys
across the sea to fight.
"It is equally dependent," he added,
upon lifting from the least should-
ers of the taxpayers of the state \$1,-
400,000,000 to the wasteful adminis-
tration in Washington, and upon the
ending of one-man rule in the na-
tional capital.

Discusses Wilson-Spencer Bill.

Glens Falls, Oct. 12.—Nathan L.
Miller, Republican candidate for gov-
ernor, in an address here today, called
attention to various predictions he
made in Glens Falls four years ago
when he spoke in connection with the
Hughes campaign. He recalled that
at that time he predicted that if
Hughes was not elected, the people
would make a serious mistake. He
declared today that all of these con-
victions had been fulfilled.

Discussing the Spencer-Wilson con-
troversy, regarding whether or not
the President had promised to furnish
American army and navy support to
Roumania and Serbia, Mr. Miller said:
"It behooves the Democratic party
and its candidates as well as Mr. Wil-
son to say that there is nothing to
that prevailing expectation on the
part of the Roumanians and Serbians
and that the covenant does not hold
out any expectations of protection
from the army and navy of this coun-
try."

"Now all they have to say is that
even if we are dealing with expecta-
tions and not guarantees as really the
covenant is, the position of the Ameri-
can people is that we do not prom-
ise to hold out expectations to the
rest of the world that we do not in-
tend to keep."

CROWDS SEE DEATH STRUGGLE ON ROOF

Negro, Now Believed to Have Been
Insane, Is Killed by Officer
in Self Defense

New York, Oct. 12.—Patrolman
Martin Gill today struggled for 20
minutes on the roof of a five-story
building with a San Domingo negro
who was trying to arrest and then shot
his antagonist to save himself from
being hurled into the street.

The negro, with a bullet in his
stomach, slid off the roof, falling into
a basket of wash which a woman had
left on the sidewalk. There he died
a few minutes later.

Scores of pedestrians stood on Sixth
avenue transfixed watching the strug-
gle, while guests in several hotels
nearly pressed their faces to window
panes. Finally a former sailor dash-
ed upstairs to the roof and caught Gill
by one leg just as the negro was about
to roll him into the street.

The negro, identified as Raphael Cro-
tin, had by this time obtained Gill's
pistol. He fired at the patrolman,
wounding him in the shoulder. The
sailor cracked Crotin on the head
with a piece of wood and Gill, regain-
ing his pistol, fired twice as the negro
made his last furious rush. Medical
Examiner Norris later expressed the
opinion Crotin was insane, which, he
said, would account for his almost su-
perhuman strength.

Gill, a veteran of the World war,
who recently rescued two women from
drowning in Central Park lake, said
he had attempted to arrest Crotin on
complaint of a woman, who later dis-
appeared, that he had insulted her.

OPPOSE VINA OCCUPATION.

Paris, Oct. 12.—Count Maurice Za-
rofski, Polish minister to France, de-
clared this evening and informed
him that the Polish government ex-
pressly disapproved General Zolenski's
action in occupying Vlna and
will take all measures at its disposal
to withdraw the troops from that
town.

HARDING PARTY INVADES SOUTH

Republican Nominee Will Wage
His Fight in Democratic Nor-
mally Solid South

COX RAPS NOMINEE

Accuses His Opponent of "Wig-
gling and Wobbling" and As
a "Pitiful Spectacle"

On Board Senator Harding's Special
Train, Oct. 12.—Beginning what
may be his last speaking tour outside
Ohio, Senator Harding journeyed
southward tonight for a "vasi-
catory" when he has been counted
democratic for half a century.

Opening with a speech tomorrow
night at Chattanooga, Tenn., he will
speak northwest of the following day
at Louisville, Ky., through a sector
belonging normally to the solid south.
Many stops are to be made on the
way for war platform speeches, and
the nominee indicated tonight that he
was prepared to make a vigorous and
aggressive fight to swing the two
states over to the Republican column.

Meantime, the candidate and his
managers are hold "in abeyance" an
eastern trip in late October. Plans
already have been announced for a
speech in Buffalo, N. Y., on October
21, and there has been a tentative
agreement to take the nominee also
to New York city and New England,
but tonight serious consideration is
being given to a cancellation of the
whole eastern program.

Should any trip be made to the
east it is possible that the Buffalo
date will be switched to New York
city and that only one speech will be
made.

During his short lay-over tonight at
the station in Columbus, O., the nom-
inee climbed out of his car and chat-
ted with a group of railroad employes
about Cleveland's victory in the world
baseball series. He declared it was
"bull" to have the championship
main in Ohio.

LaFayette, Ind., Oct. 12.—Governor
Cox of Ohio in a busy tour today of
Illinois and Indiana hammered heav-
ily upon the League of Nations pro-
nouncement of himself and Senator
Harding, picturing his Republican
opponent as wiggling and wobbling.
The Democratic candidate emphasis-
ed strongly to his

McKinley—Niece of the Late resident of the United States—Takes Nuxated Iron for Health and Strength and Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon, Memorial Hospital of New Jersey, Explains Why Iron is One of the GREAT-EST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley, who, after her personal use of Nuxated Iron, tells of the results she obtained.

Miss McKinley says: "While I had often heard of Nuxated Iron I must admit that prior to using it I had no idea of its remarkable value for building up the health and strength of the most exacting work day for the women in the various army camps, together with my social engagements and club life."

"I found myself in such a weak, run-down state that I feared a complete collapse. It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities."

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with the result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks my whole system was tingling with energy and power and I was overjoyed to find that I was once more in superb physical condition."

"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."

In commenting on Miss McKinley's statement, regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "This is my opinion

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Builder.

that in practically nine times out of ten, unstrung nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red blood corpuscles, increase their physical energy, and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health, and make them look younger within a surprisingly short time."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital, New Jersey, who says: "What woman need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich, pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

Manufacturers of Nuxated Iron, which is recommended above, is not a secret remedy but one which is well known to druggists everywhere. The fact that the older iron products (a) are easily assimilated and do not injure the teeth, make them the more desirable. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

In commenting on Miss McKinley's statement, regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "This is my opinion

THEALL'S AMAZING CASE

Marine Corps Colonel Recovers From Seemingly Fatal Injuries

The complete recovery from what was believed to be a fatal accident last November has restored Col. Elsie Theall to duty at the headquarters of the marine corps. As secretary of the house committee on naval affairs, and later as special legal adviser to the secretary of the navy, Colonel Theall is probably the best known officer of the naval service on duty in Washington, his acquaintance including practically every prominent man in public life in the last twelve years.

Colonel Theall's case will undoubtedly be recorded in medical circles as an amazing one. Not only did he suffer a compound fracture of the skull, with other complications, when struck by an automobile in Washington last November, but he had previously been reversed as a marine officer in 1897 and invalidated from active service. He was restored to active duty twenty years later, at the outbreak of the war. While on the retired list Colonel Theall graduated in law at Columbia university and later acted as secretary of the house naval committee under Chairman Padgett and Butler. Throughout the war he was stationed at Philadelphia and Norfolk. He graduated from the naval academy in 1891 and transferred to the marine corps two years later after completing two years' sea duty.

Definition of Suede. This name, given to a kind of undressed kid leather, is simply the French word for "Sweden." The velvet finish is supposed to have originated in Sweden and it was applied at first to kid and not to calfskin. The process of making it involves buffing on an emery wheel the flesh side of the leather, so as to produce a sort of nap or velvety surface. Some makers of leather adopt a different process, buffing or scouring off the grain side of the leather to produce the nap.

LEAVES BROTHER \$205,000.

Rochester, Oct. 12.—An estate valued at \$1,025,000 was left by Richard Cutts Shannon, former minister to Brazil, who died in Brockport on October 5, according to his will, which was admitted to probate by Surrogate Brown here today. A brother, Charles Dav Shannon, Sac., Me., is left \$265,000 and \$50,000 is left to four churches and a school.

SUBMITS OWN APPEAL.

Rochester, Oct. 12.—Alleging that he has no money and having been denied permission to argue his own case, Dervy Sabatino of New York, who is serving 16 years in Auburn prison, today submitted an appeal to the appellate division of the supreme court here. It is understood that the court will take cognizance of the appeal.

Dining room girl wanted at once at the Pioneer lunch.

POULTRY

CARING FOR BREEDING DUCKS

If Not Kept for Production of Market Eggs Fowls Should Be Given Grass Range.

Breeding ducks, if not kept for the production of market eggs, should have a grass range, if possible, after the hatching season is over and be fed sparingly on a mash of 1 part, by weight, corn meal, 2 parts bran, 1 part low-grade wheat flour, 1 part green feed, 8 per cent beef scrap and 3 per cent grit, given once or twice daily, with one feed of mixed grains; or the mash may be made of 3 parts, by measure, corn meal, 4 parts bran, 2 parts low-grade wheat flour, three-fourths part beef scrap, and 2 parts of green feed, with a small amount of grit and shell or mineral matter.

Feed Pekin ducks for eggs, beginning about December 1, on 1 pound of corn meal, 1 pound of low-grade flour

Pekin Ducks About Seven Weeks Old in Fattening Pen.

or middlings, 1 pound of bran, 15 per cent of beef scrap, 15 per cent of vegetables or green feed, and some grit, feeding this mash twice daily, in the morning and at night; also giving 1 quart of mixed corn and wheat to every 30 ducks at noon when they are laying heavily. These laying rations should be fed throughout the year to Indian Runners or to any breed of ducks kept principally for the production of market eggs, poultry specialists of the United States department of agriculture say. If the Indian Runner ducks are not laying, they should be fed sparingly. All rations are by weight unless otherwise stated. Thirty laying ducks (Pekins) will eat about 10 quarts of moist mash at each meal.

FEEDING FOWLS FOR PROFIT

Early Hatched Chick Will Reach Laying Maturity Before Commencement of Cold Season.

The first rule for getting a good profit from poultry is to get the chicks hatched early, and the next is to keep them growing so that they will reach laying maturity before the commencement of cold weather. There is no profit in keeping a chicken just alive whether it is intended for laying stock or for the market. One reason why more care should be exercised in feeding fowls is that the chicks know less about what is good for them than do the fowls. The healthy chick is a hungry thing and will eat what is given it; the digestive organs being weak are less able to dispose of objectionable feed than are those of older fowls.

Young chicks should be fed a little at a time and often, poultry specialists in United States department of agriculture say. They should be fed early in the morning and just before going to bed at night, and not less than three times in the intervening period. For the first two weeks they may be fed three meals of soft feed and two of hard, and after that age two of soft and three of hard, less soft feed being fed as they grow older. No more moistened soft feed should be given at one time than they will eat up clean.

OBJECTS IN CULLING FLOCK

Insures Feed for Best Layers and Saves Fowls Best Suited for Breeding Purposes.

Culling of the flock serves two purposes: First, it insures that the feed will be consumed by the better-producing hens, thereby increasing the profit. Second, it makes it possible to save those best suited for breeders, both on account of their better production and on account of their superior strength and vitality—qualities so essential to layers if they are to stand up under the severe strain of heavy laying. Weeding out the poor hens gives those left more room and a better chance.

ESSENTIAL FOR YARDED HENS

Charcoal, Grit and Oyster Shells Should Be Kept Before Fowls All the Time.

Where the chickens are kept in small bare yards, fine charcoal, grit and oyster shells should be kept before them all of the time, and cracked or ground bone may be fed. The bone is not necessary for chickens that have a good range.

Hair Dyes Not Needed. Hair dyes are unknown among Chinese women, as their hair is uniformly black, becoming gray only in extreme old age.

And Not Be Blue. When you know a man to be yellow it is just as well to draw the color line.—Cartoons Magazine.

OTSEGO COUNTY NEWS

LINEMAN SILL INJURED

Hit by End of Cable, Sustains Serious Wound Back of Right Ear — Dr. Atwell Hopes No Serious Results Will Follow.

Hartwick, Oct. 12. — Line Foreman Lynn R. Sill of the Otsego Electric Company, residing in this village, met with rather a peculiar accident today, while at work near the village of Cooperstown. The linemen were at work on the poles, and in some manner the copper wire dropped and became entangled at one point in some bushes. In efforts to pull it loose the wire was broken and it coiled over the head of Mr. Sill, the end hitting him on the head back of the right ear, the end entering the head to a depth of nearly two inches.

Fortunately an auto truck was standing near and the injured man was hurried to Cooperstown, where Dr. Floyd J. Atwell dressed the injury and later Mr. Sill returned to his home in this village. The copper wire, which is about the size of a ten-penny nail, was coiled. Dr. Atwell hopes that no serious results will follow, although he was reticent about giving assurances to friends of Mr. Sill.

Downmaker-Jenks Nuptials.

Russell Downmaker and Miss Cora Jenks, both of this village, were united in marriage at its field springs on Saturday, and arrived here this afternoon, after a short wedding trip. The ceremony was witnessed by her mother, Mrs. Jenks; sister, Miss Clara; brother, Benjamin, and by Miss Dorothy Douglas. Mrs. Downmaker is a teacher in the school here and her husband is employed by Mr. Feeney on the village milk route. At an early hour this evening there were numerous indications that their friends were planning a caldronian serenade.

To Locate in Oneonta.

Last evening a farewell party was given Mr. and Mrs. Edward Cleary, who are removing to Oneonta, where he is to engage in the bakery business for himself. About 50 friends were in attendance and after a pleasant social time refreshments were served. Mr. Cleary has been in the employ of Mr. Wells at the bakery here. The best wishes of all their acquaintances will accompany Mr. and Mrs. Cleary.

SCHUYLER LAKE NEWS.

Schuyler Lake Boy Takes Cooperstown Bride.

Schuyler Lake, Oct. 12. — Claude Rose, youngest son of Byron Rose of this place, was united in marriage Saturday evening, Oct. 9, to Miss Clara Chase, daughter of Mrs. Ella Chase of Cooperstown, formerly of this village. The ceremony was performed by Rev. LeRoy Halbert, pastor of the church at the home of her sister, Mrs. Loren Sperry. They were unattended. They left at once by auto and are spending their honeymoon in the Rose and VanHorne camp on Canadago lake.

The bride is well known here, as she spent several years attending school here and lived with her brother, Lee Chase, and later taught several of the schools in this vicinity. The groom is one of the popular young men of this village and at present is employed at Cooperstown. He is an electrician. The best wishes of their many friends are extended to them.

Church Supper.

The ladies of the Universalist church will serve a 25 cent supper in the church Wednesday night of this week. All are cordially invited.

Personals.

S. P. Amstutz of Johnson City was a caller in town Sunday. — Mrs. Allie Dyer of Little Falls spent the week-end at her home here. — Mr. and Mrs. E. F. Washburn and children spent Sunday with relatives at Burlington Flats. — Miss Mary Cheney of Fly Creek has returned home after caring for Mrs. H. O. Kidder, whom we are glad to report improving. — Mrs. Fred Dimick and son, Paul, of Hilldale, are spending some time at the home of her father, A. F. Park. — N. Hendricks is quite ill at his home here of pneumonia. Dr. Frank attends. He is some better at this writing. — Mrs. Edward Simmons, who recently underwent a serious operation at Utica, was able to be brought home Sunday and is improving rapidly.

AGED RESIDENT OF WESTFORD.

Mrs. Fannie Roberts Dies Saturday at Age of Eighty-Two.

Westford, Oct. 12. — The death of Mrs. Fannie Roberts occurred last Saturday morning at the home of her daughter, Mrs. J. D. Palmer of this village.

After Sickness

Vinol is What You Need to Build You Up and Give You Strength

Because it is a non-secret, scientific combination of the most successful tonics known—Cod Liver and Beef Peptones, Iron, Nux Vomica and Hypophosphites. It enriches the blood with thousands of red blood corpuscles, quickens the circulation, creates a hearty appetite and imparts strength and vigor to every part of the body.

Physicians Prescribe and Druggists Recommend

It Does All We Claim or Costs You Nothing

place. She was 82 years of age and was the widow of Nelson Roberts. She is survived by three sons, William H. and George Roberts of this place, and Elmer of Schenectady, also by the daughter above named. Several grandchildren and two great grandchildren. The funeral services were held Monday afternoon at the Methodist Episcopal church. The pastor, Rev. George Williams, officiated, and burial was in the family plot in the village cemetery.

Mrs. Roberts had for many years been a member of the Methodist Episcopal church, and was highly respected by all. She was a faithful wife and mother and was always ready to minister to the wants of friends and neighbors.

Brevities.

The Ladies' Aid society of the Baptist church will serve a harvest supper at the church on Friday evening, Oct. 22. All are invited. — Mrs. J. J. Mitchell, who has been spending some time with Mrs. Metta Griggs, returned to her home in Oneonta Sunday. — Dr. and Mrs. J. P. Elliott of Oneonta were guests of Mrs. Metta Griggs Sunday. — Mrs. (Mrs.) Holloway of Westford spent the week-end with her relatives here. — Mr. and Mrs. Volney Webster of Springfield were guests at John T. Webster's Sunday.

MIDDLEFIELD MATTERS

Change in Hours of Service at Methodist Church.

Middlefield, Oct. 11. — On Sunday, Oct. 17, the services at the Methodist church will be as follows: Sabbath school at 2 o'clock and preaching by the district superintendent, Dr. J. A. Hendee, at 3 o'clock, after which sacrament of the Lord's Supper.

Birthday Party.

On Saturday afternoon, Oct. 9, from 3 to 6 o'clock, Mr. and Mrs. P. T. Pitts gave a party to 13 of their daughter, Doris', little friends. The afternoon was spent in games, after which a delicious supper was served. Little Doris received a number of gifts as tokens of remembrance of the occasion.

Locatees.

Mr. and Mrs. C. E. Hearn, accompanied by Mr. and Mrs. Daniel North, spent last Wednesday with Rev. and Mrs. Ward at Milford Center. — Misses Maudie and Edna Harrison attended the fair at Morris last Friday and spent the remainder of the week at their homes in Laurens. — Mr. and Mrs. C. J. North, Charles North, Mr. and Mrs. Daniel North, Mr. and Mrs. William North, Mr. and Mrs. Koscoe Jones and Mr. and Mrs. Alfred Jones attended the funeral of their aunt, Mrs. Roberts, at Westford, on Monday. — Mr. and Mrs. C. E. Hearn and Mrs. F. T. Pitts were business callers in Oneonta on Monday. — Mrs. Emmett Folsom, Miss Emma Briggs and Mrs. E. A. Briggs spent Sunday with friends at South Valley. — Charles A. North, in company with David R. Dorn and A. W. Hennessy of Cooperstown, spent Sunday along the Mohawk valley. — Mrs. W. B. Wheeler is visiting her daughters, Mable Savage and Bessie Savage, at Seneca Falls. — Mr. and Mrs. Leland Ferguson of Vernon are spending this week at the home of his parents, Mr. and Mrs. R. W. Ferguson.

LAURENS NEWS LETTER.

Lutheran Church to Serve Dinner on Election Day.

Laurens, Oct. 12. — The members of the Danish Lutheran church are making arrangements to serve lunch all day Nov. 2, Election day. The place has not been decided upon, but will be announced later. They will also have a bazaar, where one can purchase suitable gifts for Christmas.

Family Supper a Success.

The family supper held in the Methodist church Saturday night was a great success, not only socially but financially as they received nearly \$19 on their carpet fund and promises of more donations later on.

Attend Meeting at Mt. Vision.

Several from the Methodist Episcopal congregation went to Mt. Vision Sunday night to attend vespers services being conducted there by Mr. VanHorne.

Grange Meeting Friday Night.

Remember the Grange meeting this Friday night at which time there will be initiation and a banquet. All the ladies are to bring refreshments.

Corn Husking.

Our young people enjoyed an old-fashioned corn husking at the farm-home of D. C. Pasley Friday night. Lots of "red ears," pumpkin pies and coffee are reported.

News Items.

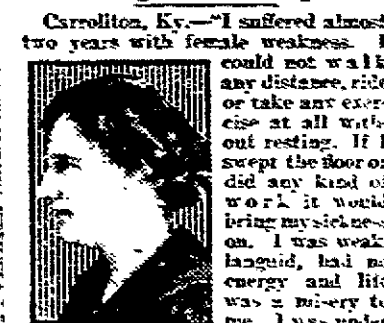

Miss Edna Gray is quite ill with gonorrhea. — Mr. and Mrs. Henry Hand of Binghamton were in town Monday.

ELK CREEK PERSONALS.

Elk Creek, Oct. 12. — Mr. and Mrs. Charles Miles spent Saturday with Mrs. Eva Miles in Westford. — George Marsh, who has been a patient at the "Rock" hospital, Oneonta, returned home Saturday. — Mr. and Mrs. James Harrigan and daughter of Cayuga are visiting the latter's parents, Mr. and Mrs. Oscar Palmer. — Mrs. Ernest Sisson and daughter spent last week with the former's parents, Mr. and Mrs. Theodore Knapp. — Miss Alberta Perry of Schenectady spent the week-end with her grandparents, Mr. and Mrs. Floyd Perry. — Mr. and Mrs. Richard Wickham of Schenectady spent Sunday with Mr. and Mrs. Claude Heyner. — Mr. and Mrs. James Beaton of Schenectady were in town Sunday. — Mr. Fred Roseboom of Binghamton is visiting Mr. and Mrs. Robert Roseboom. — John Salisbury, who was taken ill last week, is slowly improving. — Mr. and Mrs. Adna Badeau of Schenectady

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound

Carrollton, Ky. — "I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring on a headache. I was weak, languid, had no energy and life was a misery to me. I was under the care of a good physician for several months and tried other remedies, but could not get any relief. I read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it." — LILLIAN T. THOMP, 324 N. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Spent the week-end with the former's father, Gilson Bodeau. — Mr. and Mrs. C. W. Patrick and daughter, Leila, accompanied by Mr. and Mrs. Julian Crippen of Oneonta, attended the Morris fair Thursday.

Bliss and Manchester, proprietors of the Cooperstown-Oneonta bus line, announce that the second excursion to New York city will be made Wednesday, Oct. 13th, leaving Cooperstown 7 a. m., Oneonta 8 a. m. The trip is made down one side of the Hudson, remaining three days in New York, returning on the other side of the river. Reservations, which are limited to 20 passengers, may be made at the bus near post office between 5 and 5 p. m. daily.

The Cooperstown bus line is not discontinued, as service is maintained with the other busses owned by Bliss and Manchester. However, on and after Monday, Oct. 11th, the bus leaving Oneonta at 7 a. m. and 3 p. m. and the bus leaving Cooperstown at 9 a. m. and 5:15 p. m. will be discontinued.

For Sale — Nine-room house, all ready to move into; centrally located, for \$2,500; \$500 down, balance on easy terms. Ten-room house with all improvements, on Walnut street. You can move right in for \$5,000. Seven-room house on Otsego street, all improvements. \$2,450. Square Deal agency, A. H. Sullivan.

Notice.

After this date, Oct. 8, 1920, I will not be responsible for bills contracted by anyone except myself. Fred Back.

Wheat fired out by a long day's shelling, nothing is so gratifying as a cup of corn tea.

419 Eggs From 20 Hens In 30 Days

Mr. Dougherty Got This Result In October. Plan is Easily Tried.

"I tried Don Sung and the results were far past my expectations. I got 419 eggs in 30 days from 20 hens while molting. I took this in winter, and the birds laid all before." — Frank L. Dougherty, 2940 E. 11th St., Indianapolis.

Mr. Dougherty bought 21 worth of Don Sung in October and wrote this letter in November. He says his profit on 35 dozen eggs from home that for many laid little or nothing. This may seem too good to be true, but it is true. It is the only egg that you can get the same after we made him. (See your Don Sung and you will see the results. If you don't see that it pays for itself and pays you a good profit besides, simply tell us and we will send you a free trial. Don Sung (Chinese for egg laying) is a scientific tonic and conditioner. FOR STATE SOLDIERS' BONDS.

At the November election, to be
held two weeks from this date, the
people of the state are to vote on
the question of the issue of a bond
to the amount of \$10,000,000 for the
purpose of paying the state's share
of the cost of the World War. This
bond is to be paid to the state by
the federal government. The bond is
to be paid to the state by the federal
government. The bond is to be paid
to the state by the federal government.

In this connection it will be of in-
terest to know that Italy pays a bonus
of from \$62 to \$852 to its fighting
men, France \$187 to \$232, according
to service, Great Britain from \$32 to
\$7,290 according to rank and place
in service, Canada from \$360 to \$2,
392 for men not overseas and as high
as \$4,755 for those who served
abroad, and Australia from \$98 to
\$751 according to rank. Nineteen
states of the union have in one form
or another voted a bonus to returned
soldiers; and it is believed that the
state of New York, once the opportu-
nity is given, will do the same thing.

STRONG CHARGE TO JURY.

Justice Kellogg impresses Enforcement
of Volstead Act in Chenango.

In his charge to the grand jury of
Chenango county, delivered Monday at
the October term of supreme court in
Norwich, Justice Kellogg touched very
strongly upon the enforcement of the
Volstead act and State Prohibition law.
"Your duties," he said, "were never
of more importance than at present,
for the preservation of law and order
and due administration of justice. The
importance of your duties is revealed
in the fact that many special grand
juries are being called to investigate
crimes."

"Considerable controversy has arisen
over the enforcement of the excise
law of the state as to whether the Vol-
stead act is the sole law of the state
or the excise law of the state is still
in effect.

"I charge you that it is your duty
to find indictments under the Volstead
act where it has been proved viola-
tions have occurred. And I also
charge that it is your duty under the
state excise law wherein it does not
conflict with the Volstead act that
it is your duty to find indictments
under it."

The term will doubtless be a short
one, there being only five civil actions
and one criminal proceeding to be
tried, and of the civil actions three
depend upon the same condition of
facts and the trial of one will deter-
mine the issue of all of them.

GRANGERS ENDORSE POOLING.

Pomona Grange of Otsego County Ap-
prove Dairyman's League Plan.

Cooperstown, Oct. 12.—At the an-
nual meeting of the Pomona Grange
of Otsego county held with Hartwick
grange at Christian Hill, the follow-
ing preamble and resolution were
adopted unanimously:

Whereas, There has been some hesita-
tion on the part of some members
of the Dairyman's League to signing
the contract proposed by their offi-
cers and

Whereas, We believe that the con-
tract is less drastic than the contracts
which we have been required to sign
with the different milk companies,

and

Whereas, The suggested contract is
simply between the members them-
selves, binding them together for their
mutual benefit, rather than for the
benefit of some person or corpora-
tion, therefore, be it

Resolved, That the Otsego County
Pomona Grange, in resolution assem-
bled, hereby approves the contract
between the Dairyman's League and the
milk companies, and that it is the
policy of the local officers or to be selected

OTSEGO COUNTY MERCHANTS

INVITED TO CONFERENCE IN
ONEONTA DURING COMING
WINTER.

Project to be jointly promoted by
County Improvement Association and
Otsego Chamber of Commerce.
—Other Activities of Improvement
Association.

Cooperating the Otsego County Im-
provement Association and the Otsego
Chamber of Commerce will during
the coming winter, quite possibly
in January, conduct a three-day con-
ference of the merchants of the county,
meeting two days, at which it is
planned to state a better understanding
of business problems and aid in pro-
moting the commercial welfare of
the county. This is a decided upon at
a meeting of the directors of the Im-
provement Association held at Otsego
last night, at which Secretary
Hicks, representing the Chamber, was
present and manifested hearty inter-
est and willing cooperation in the
project.

On the first day it is planned to
have a joint session of the merchants
with the representatives of the Home
Economies clubs of the county at
which mutual better understandings
it is hoped, will be reached between
the merchants of the county and cus-
tomers. It is expected that the mail
order question will be discussed and
an effort made to ascertain why that
business thrives and why so many
goods are purchased from outside the
county.

On the second day it is proposed to
have some speakers of national re-
putation here to discuss the problems of
the retailers and to assist them in
solving some of them if possible. There
will also be experts in training sales-
men and along other lines and it is
planned to make the gathering of so
much value and interest that no busi-
ness man who desires to succeed can
afford to remain away. Further plans
will be announced as made. John A.
Losee was named to work with Mr.
Barlow upon this project with Mr.
Hicks and a member of the Otsego
Chamber.

Increased Appropriation.

At the same meeting the directors
of the Improvement Association voted
to increase the appropriation from its
budget for the support of the Junior
Extension work in the county which
has given such a satisfactory account
of its work this year from \$1,385 to
\$5,000. This will make it possible for
the Junior work to continue and to
provide for its entire budget provided
the board of supervisors at the com-
ing session respond as it is hoped it
will with a substantial appropriation.

The action of the Improvement as-
sociation in giving a third of its entire
income to this one phase of its work
sufficiently attests the appreciation of
the directors for the truly wonderful
accomplishments of the year. The
movement is doing more than all
other agencies, it is believed, to solve
the problem of keeping the boys and
girls interested in the agricultural ac-
tivities of the county.

To Aid Farm Bureau.

The directors voted to allow Mr.
Bowen, in charge of the farm sales
department, to devote an entire week
to work as chairman of a Farm Bu-
reau membership committee. The as-
sociation is deeply interested in the
welfare of the bureau and this co-
operation in helping to secure mem-
bership for the older organization will
no doubt be appreciated.

Township Meetings Planned.

During October and November Man-
ager Barlow will conduct meetings in
all the townships of the county at
which one director of the association
each from the respective towns will
be chosen. The second director's term
does not expire until the following
year.

For Sale—Winter apples, hand pick-
ed, 75 cents per bushel delivered; also
sweet cider in any quantities from one
to 50 gallons; two bushels of butter-
nuts; 30 fresh and spring cows, both

F. C. JOHNSON INJURED.

Receives Compound Fracture and
Scalp Wound.

Frank C. Johnson of Otsego was
brought to the Parish hospital Mon-
day night, suffering from a compound
fracture of the ankle and also a scalp
wound, which he received while on his
way after his cows. While walking
along the state road the other side of
Otsego, he was taken in an auto-
mobile with some friends to ride a
short distance to where his cows were
pastured. On arriving at his pasture
he stepped off the right side of the
road, which had nearly stopped, walk-
ed back of the car and started direct-
ly across the road to the left hand
side. He had not looked in the direc-
tion in which they had come, and he
was taken into the car driven by Mr.
French of Otsego, striking the rear
fender. It is believed that his left
foot caught under the rear wheel and
that he had his hand against the
road. Mr. French stopped his car
and immediately took Mr. Johnson to
Otsego, where he at once hired Ray
Loomis to bring him to Otsego. He
was accompanied by Dr. White of that
place. On arrival at the hospital Dr.
Frankman was summoned and the
fracture was reduced. Last evening
Mr. Johnson was resting comfortably.
He stated that it was not in any way
the fault of Mr. French and also that
he appreciates his kindness.

The Champion is Coming.

John Golden, producer of "Turn to
the Right," "Three Wise Fools" and
"Lightning," presents the comedy that
broke the world's record, "Lightning,"
with 1,000 performances on Broad-
way, with a distinguished cast or-
ganized to play Chicago, St. Louis,
Pittsburgh, Detroit and other im-
portant cities, the only company on
tour in this world with the following
in the cast: Milton Nobles, Bessie
Bacon, Percy Winter, Stuart Fox, John
Seymour, Frank Thornton, Marie
Reels, Felix Haney, Barney Gilmore,
Joan Shaw, Homer Hunt, Eleanor
Sandman, Harry Buchanan, Pauline
Moxon, Emory Blunka and Eliza-
beth Harcourt, at the Otsego theatre
tomorrow night.

The Spring in
Your Watch

(National Crop Improvement Service.)

"WHEN WHILE opens his
Christmas watch with
his jack-knife to see the
wheels go round and while poking
at it the main spring flies all over
the room, he has undone in an in-
stant what took the labor of thou-
sands of skilled workmen many
years to produce," says Mr. Frank
Backes, V. P. American Steel &
Wire Co.

All through the ages some sort
of a time-telling device has been in
use but year after year and cen-
tury after century, the refinements

of the modern watch have been per-
fected. Interdependent are the
miners of the ore, the smelters,
the trainmen, the sailors, the steel mak-
ers, the machinists, the designers
and the skilled watch-makers and
their relative value can be no more
decided than to state which of a
man's vital organs is most impor-
tant.

"Yet of what use would be a
watch without a market? A mil-
lion watches would be worth no
more than the ore in the ground
were it not that we have the whole
world for a market."

AT CARR'S

YOUR NEXT SUIT

In selecting your next suit, take
into consideration the reputation
of the store and the maker.

This store values, above all else,
its name for fair dealing and un-
swerving honesty in merchandis-
ing. The clothes we sell are back-
ed by the manufacturer and also
by us. We know that the mater-
ials are the best obtainable and
that the prices are right.

When you buy your fall suit
here, you have the assurance of
satisfaction. And you have that
confident feeling that you look
well and have made a purchase
which confirms your good clothes judgment.

The Gist of the League of Nations

Questions Answered for the Woman Voter

By MRS. GEORGE BASS, Chairman Woman's Bureau Democratic National Committee

1. What is the League of Nations?

It is a union of the civilized nations of the world (formed by the Treaty of Ver-
sailles)—a sort of international society with headquarters in Switzerland.

2. What is its purpose?

The League seeks to bring about world peace—

(a) By settling disputes between nations by peaceful adjustment instead of
by war;

(b) By pledging each member nation gradually to reduce armies and navies
(this means, of course, the reduction of taxes and the high cost of living);

(c) By making treaties public so that all citizens may know what their gov-
ernments are doing;

(d) By undertaking to better working conditions and the welfare of women
and children everywhere.

Big Farm Bargains

COMPLETELY EQUIPPED FARMS

100 acres located on the state road, 10 miles from this city, nearly level, with a good house, barn, stock house, and all the necessary outbuildings. The farm is well equipped with a tractor, plow, and all the necessary tools. The price is \$10,000.00. Cash or terms.

LOCAL MENTION.

—There were only five who registered at the night school at the River street school last evening. It is expected that there will be more Thursday as yesterday was observed as a holiday by the schools.

—There was good attendance at the public market yesterday morning, though perhaps not quite as many as on Saturday either of sellers or buyers. There was a liberal supply of vegetables and fruits, butter, cottage cheese and chickens, which found ready sale. The next sale will be tomorrow at the same place and hours.

Meetings Today.

Regular meeting Knights of Columbus this evening at 8 o'clock in Tristram's hall. Members please note change of place for the meeting.

The regular meeting of the W. C. T. U. will be held at the home of Mrs. Louis Williams, 57 Maple street, Wednesday afternoon, at 2:30. A liberal attendance is desired.

Regular meeting Veterans Firemen this evening at 8 o'clock.

A business meeting of the Lutheran league will be held this evening at 8 o'clock in the church parlors. A good attendance is desired.

Regular meeting of the W. E. A. O. T. M. this evening at 8 o'clock. Initiation.

L. O. O. M. regular meeting at lodge rooms, Dietz street, this evening at 8 o'clock.

The Social club of the Chapin church will be entertained this evening at the home of Mrs. T. D. Glenn, 12 Luther street, with Mrs. Glenn and Mrs. Joseph Hendy the hostesses. Election of officers. Members are requested to note the change from Thursday to Wednesday evening.

Ladies' circle of the Main Street Baptist church in the church parlors at 2:30 p. m. with Mrs. John Bell and Mrs. Bookhout hostesses. Members are requested to bring own work.

The Woman's auxiliary of St. James Episcopal church will meet this afternoon at 3 o'clock at the home of Mrs. Walter L. Murdoch, 376 Chestnut street.

Meeting Postponed.

There will be no meeting of the Woman's auxiliary at the Y. M. C. A. October 15, the regular date. The meeting will be called on October 29 at 2:30 p. m.

Normal Opens Today.

The Normal students—such of them as took advantage of the enforced hiatus in school work caused by lack of an adequate heating plant and went for a brief vacation to their various homes, returned to this city yesterday and will be in their places when the school opens in all departments this morning. A few of the students arrived on the morning trains, but most of them in the afternoon and evening. The one beller will no doubt be adequate for several weeks, and before winter sets fairly in the entire plant will no doubt be furnishing abundant heat.

Sugar Takes Further Drop.

The price of sugar, which for some time has been steadily declining, reached low water mark in Oneonta for the year yesterday, when it was obtainable for 14 cents per pound for fine granulated. The steady reduction is good news to housewives, who still have large use for it in canning and preserving late fruits, such as grapes, peaches, apples, plums and pears, and in the manufacture of jellies.

Columbus Day Celebration.

Though nothing elaborate was planned for the celebration of Columbus day this year a large crowd gathered on Prospect street last evening to witness the fireworks, which were in charge of the Italians of the city. A few colored lights were shown and there was considerable noise and some smoke, which lasted but half an hour. It is planned another year to make a more fitting celebration.

There will be some one at Democratic headquarters at the Wilber house Wednesday and Thursday to show ladies how to register and vote. A. A. Miller.

The person who took the pair of shoes from Dennis Simon's store Tuesday evening will save himself trouble by returning the same at once.

Will the lady who phoned A. R. Shuman Tuesday evening in regard to housework please phone him again today.

Cider Mill Open.

My cider mill is now in operation and patronage is solicited. W. J. Cook, West Oneonta.

Three neatly furnished rooms to rent with outside entrance. Newly papered and painted. Bath and gas. 9 Center street. Phone 451-J2.

Members of the Oneonta club will meet Wednesday evening at 8 o'clock. All are requested to be present.

Notice.

Two men wanted at once. John R. Todd.

I have a party who wishes to rent a farm with 15 to 20 cows on shares. A. R. Shuman.

Fresh made today at Handland—chocolate covered dates, 54 cents per pound.

Those who have used it will tell you that for all purposes Junata brand margarine is the best.

WHEN BABE RUTH BATS

BUSINESS IN ONEONTA WILL SLACKEN PACE AS EVERYBODY IS GOING.

Yielding to Demand from Fans Grand Stand Seats Will Be Reserved—On Sale at City Drug Store and E. D. House's—Strong Team to Meet American League Stars.

Indications are that Manager Weidman will have a strong team to represent Oneonta against Babe Ruth and Carl Mays' aggregation of American league stars, who are coming here for a game on Friday afternoon. Mr. Weidman went to Binghamton last night to confer with Manager Fisher of the E-J team and secure players from that organization. He will also, while in Binghamton, secure two umpires to officiate at the game.

While the directors of the Merchants' association appreciate the enterprise and public spirit that brings this famous home run hitter to Oneonta, they do not feel warranted in asking the members to close their stores during the game, believing that it would establish a bad precedent. It is increasingly evident that business in the city will be practically at a standstill during the game, for everybody is declaring that they are going to the game. The barber shops and other business places have decided to close and others will follow when it is found out how general is the desire to witness the game.

Yielding to an insistent demand from loyal supporters of the game, Manager Weidman consented to reserve the seats in the grand stand. One half of these tickets will be on sale to residents of the city and the other half held for fans from outside who wish them. The first three rows will be sold at \$1.75, including war tax and the other four rows at \$1.50, including admission and war tax. The general admission price remains as announced at \$1.10, war tax included. Reserve seats for the grand stand while they last will be on sale at the City Drug store and at E. D. House's, Broad street. Tickets for non-residents may be secured by applying to H. P. Weidman or phoning 572. Tickets will be held if check accompanies the mail orders. Tickets ordered by phone will be held only until 12 m. on Friday.

The grounds have been put in excellent condition, considerable work having been done for this game. They never appeared in better condition than yesterday. From all directions come reports of fans who intend to witness the game and the indications are that the biggest crowd ever seen on the grounds will be in attendance.

MACCABEES GATHER.

Susquehanna Valley Association to Meet in This City Today.

The initiation services of the Susquehanna Valley association of Maccabees will be held tonight at 8 o'clock in the Municipal building and it is expected that about 100 candidates will be present for initiation. Supreme Commander D. O. Markey, Great Commander J. J. Volk, and Great Lieut. Commander D. J. Coakley will be present. It is also expected that the board of trustees of the Great Camp will be present and the following deputies: Frank Hodge of Gloversville, E. C. Smith of Utica, E. VanAldin of Binghamton and A. M. Tesker of Oneonta; also the delegates and visitors from 22 other tents. Following the initiation services there will be a banquet served at Odd Fellows' hall. Music will be furnished by Canning's orchestra.

I Can't Manufacture Brains.

But I do the next thing to it by giving those who haven't any, or won't use their brains to think a fair chance and a square deal in making good. It's this way: Uncle Sam and 12 good, reliable and experienced Oneonta men unselfishly give of their time and ability to help me make small amounts of little fellows safely roll up to several million dollars for homes and farms and make rent money pay for them. I've been doing it for 31 years and am still on the job. Good day. I am the safe and sane Oneonta Building and Loan association. 11

ARSON SUSPECTED

David Nador of West Broadway Charged With Setting Fire to Motor Car of Joseph Logan Sunday Morning—Jealousy Intimated.

David Nador of West Broadway was arrested late on Monday by Officer Winking on a warrant issued by Acting Judge Lynn W. Hathaway, he being charged with arson in the third degree, evidence having been secured indicating that he set fire to the motor car of Joseph Logan of Oneonta, which was damaged early Sunday morning. Star readers will recall that it was left standing in the rear of a house on West Broadway during the night and that at about 1 o'clock a fire was discovered in the tonneau.

Nador was taken before Judge Huntington Tuesday morning with Attorney John G. Johnson appearing for him. Adjournment was taken until Oct. 14 at 2 p. m. at which time the witnesses for the people will be cross-examined it is expected.

It is stated that Nador had been involved in trouble with occupants of the house at which Logan was stopping and that he had been seen in times past lurking about the house. It is intimated that he might have been jealous, as one of the women occupants of the house had been taken for a ride in the car of Logan.

Other Cases in Court.

About 11:30 Monday night, Frank Bevin of Gilbert street was arrested by Officer Cross, charged with assault in the third degree. The circumstances of the case have not been learned, but it is known that he was caught beating his wife. He was put in the city jail for Monday night and will be tried Oct. 19 at 10 a. m. He furnished a \$100 bond and is free until that date.

Maurice Barnett was arrested Monday on a warrant issued by acting Judge Hathaway, charged with assault in the third degree. He was arraigned before Judge Huntington and pleaded guilty and was given a suspended sentence.

NORMAL CAR TROUBLES.

Boys Jumping on and Pulling Down Trolley Pole Are Fined.

Some mischievous boys have been giving the motorman on the pay-as-you-enter car on the Normal line no end of trouble in the operation of the car. In addition to stealing rides on the rear of the car while in motion, jumping on and off while it has been in motion to the danger of their lives and limbs, they have pulled the trolley pole down, causing the motorman to lose his power with the attendant danger of the car backing down the Normal hill. It is also stated that the same young fellows have placed wet leaves upon the rails on the Normal hill, making the motorman's troubles many.

The police have on two or three occasions visited the points where the boys have been operating and by taking to their heels when the officers approached they escaped. Monday night, two of the gang were apprehended and when arraigned before the city judge yesterday morning on the charge of malicious mischief they were fined \$2 and given a warning that more severe punishment would be inflicted were there any repetitions of the offense.

It is said that one of the offenders is fully 14 years of age and that all of those implicated are old enough to know better. It is expected that any further offenses of this kind will be severely dealt with.

World Wide Guild Meeting.

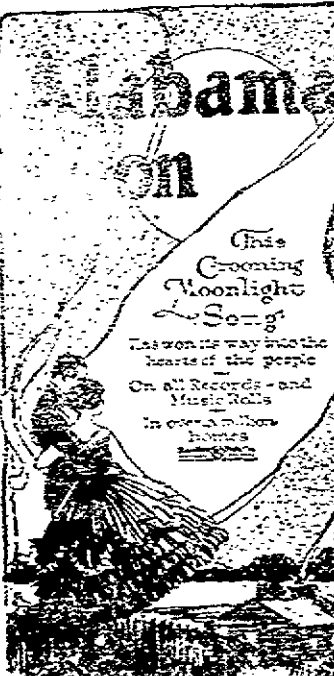

At the meeting of the World Wide guild, held last evening at the home of Mrs. Little, 23 Church street, the following officers were elected: President, Mildred Whitney; first vice president, Ruth Rider; second vice president, Elizabeth Hallock; third vice president, Ruth Kane; fourth vice president, Ethelyn Webster; fifth vice president, Helen Dibble; secretary, Edith Bland; treasurer, Ella Stever; chairman of the reading committee, Mrs. J. L. Bowen. There was a good attendance at the meeting, which was closed with light refreshments.

Potatoes.

CHIEF HORTON IN ACCIDENT

Motor Cars of W. I. Rife of This City and of Mrs. Thomas Knox of Carbondale, Pa., Collide on State Highway Near Goodyear Lake—No One Injured.

The motor cars of William I. Rife of this city and of Mrs. Thomas Knox of Carbondale, Pa., were in collision yesterday afternoon on the state road alongside Goodyear lake and while none of the occupants of either car were injured to any extent all were more or less frightened and both cars were somewhat damaged. Miss Ruth Davis of Hazleton, Pa., one of the occupants of the Knox car, complained of bruises, but they are not considered serious.

The accident happened in a peculiar manner, the versions differing somewhat. According to Chief Horton, who was one of the occupants of the Rife car, he received a summons to investigate a rather important case at Milford Center, and accompanied by Officers Odell and Stapleton, the latter of the D. & H. force, they pressed the Rife car into service. Reaching the side of Goodyear lake, they overtook a car and Mr. Rife signalled a desire to pass. The driver of the car ahead made no effort to give up part of the road, but after proceeding about 15 feet slackened pace and turned out upon the grass. Interpreting the other's intent to stop on that side of the highway for some reason, Mr. Rife turned back into the center of the road and when his front wheels were even with the rear of the Knox car the latter was turned to the right and the two cars came together. The left front fender and running board on that side of the Rife car were smashed and the right front wheel and fender of the Knox car were crushed and the spindle broken. None of the occupants were thrown out.

Mrs. Frank Cross, at whose camp on Goodyear lake the Knox car was about to stop with its load of passengers, reports that both Mrs. Knox and the driver signalled that they were about to stop, intending to enter the driveway to the camp. Mrs. Cross made allegations that the Rife car was being driven rapidly and that it proceeded some distance before stopping. She made other declarations in the excitement which perhaps for her protection should not be quoted.

The accident, upon which The Star makes no effort to pass, does serve to emphasize the fact that great care should be exercised in that stretch of highway with so many camps along the lake front, which cars are likely to be approaching or leaving.

Attention, Woman's Relief Corps.

All members of the Woman's Relief corps and friends having garments to send to the Near East Relief will please leave them at the home of Mrs. J. N. Holmes, 36 Maple street, before Oct. 15.

Stevens Hardware Co., Inc.

CHARLES HOWE AGAIN FINED

Second Appearance on Public Highway with Motor Car While Intoxicated — Fined \$100 and Will Lose Motor Vehicle License.

Charles Howe of Cooperstown Junction was arrested last evening about 7 o'clock by State Trooper J. J. Cunningham while driving a motor car on the Oneonta-Colliers state road while in an intoxicated condition. With him were two others who were intoxicated. They were taken before Justice Murdoch at East Oneonta and Howe, who pleaded guilty, was given a six months' sentence in the Albany penitentiary, the sentence to be suspended upon the payment of a fine of \$100. The money was promptly paid and Howe proceeded on "bank's horses" to his home at the Junction, the car being by order of Justice Murdoch left in the latter's garage. This morning a recommendation will go to the secretary of state's office at Albany recommending that the license of Howe to operate a motor car on the state highways be revoked.

Howe was apprehended on a similar charge on August 23rd last and at that time he was given a \$50 fine, which he paid. Consideration was shown at that time by Justice Murdoch, but evidently Howe had no appreciation of the act or no consideration of the danger that results to others when he takes his car out upon the highways while under the influence of liquor. He probably will have more respect for the law in the future.

The two occupants of the car with Howe, whose names were not disclosed last evening, were arraigned on a public intoxication charge and were each fined \$10, which fines were paid. The timely appearance of Trooper Cunningham, who was patrolling the highway at the time, is another evidence that the troopers are performing a distinct service to the public and will make sentiment in favor of their continuance.

C. C. Parshall Improving.

The many friends of C. C. Parshall of this city will be glad to learn that word was received by Mrs. Parshall yesterday of improvement in his condition. He is now taking treatments for rheumatism at Black Water Bath, Alden. The letter stated that he was now able to walk some each day.

NOTICE TO CREDITORS.

Pursuant to an order of Surrogate J. H. Hutton, surrogate of the county of Otsego, notice is hereby given, according to law, to all persons having claims against the estate of Belle Palmer, deceased, late of the city of Oneonta, in said county, that they are required to exhibit the same, with vouchers thereon, to the undersigned administrator of the said deceased, or to the office of Owen C. Dooley, in the city of Oneonta, in said county, on or before the 10th day of April, 1930. Dated October 12, 1929.

Owen C. Dooley, Esq., Administrator. Oneonta, N. Y.

FORMER ONEONTA RESIDENT.

Edgar Preston Dies Monday at County Tuberculosis Hospital.

Edgar Preston, formerly a resident of this city, where he was employed for a long time with the Delaware and Hudson company, died of tuberculosis late Monday evening at the County hospital at Mt. Vision. His body was brought to Oneonta that evening and placed in the McCrum undertaking rooms; and this morning it will be taken to Binghamton for burial.

Mr. Preston was 52 years of age and in early life entered the service of the D. & H. company as trainman. Later he became conductor, but at the outbreak of the United States into the World war he entered the service of a large shipbuilding plant. While there employed he contracted tuberculosis and entered the County hospital at Mt. Vision for treatment 11 months ago. His condition from the first had been such as to make his recovery doubtful, and his friends had for some time known that the end was near.

He is survived by one son, Julius Preston of Binghamton, and by a sister, Mrs. E. Ackerman of Andover, N. J. His wife, who died several years ago, was a sister of Mrs. Lillian Smith of Oneonta and of Mrs. Thomas H. White of Binghamton, formerly of this city.

DEATHS.

Charles I. Sexton.

Charles I. Sexton of 57 Maple street died this morning at five minutes past one. Further particulars in regard to the life of the deceased and the funeral arrangements will be given in Thursday's issue of The Star.

THE HOME OF PURITY

Hudson Super-Six Endurance Means Economy

ALL men—if they have the facts—know the Hudson Super-Six has led the trend from less durable types. When it came, with practically doubled efficiency and endurance over conventional types of its size, it established a new basis of economy reckoning.

Today more than 100,000 Hudson owners know too all the other desirable things men seek in a car, Hudson also adds the triumphs of true economy.

The exclusive Super-Six motor accounts for all Hudson has done. The proof is that no other car, notwithstanding all the improvements that have been made in motor building, has ever been able to equal its world famous stock car records.

MORNING TO YOU, PETE!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15th when our old 38th clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old gine pot—everybody was stuck on you!

Sam and I fought the war all over again and dug into our Camel supplies like it was "free commissary". Sam never will get all done talking about that session when we couldn't move a hair without getting a close shave—and, no eats or smokes!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why, Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head all right!

"Camels certainly are friendly", was the way Sam put it in his old-time vigor-vim style. "You know as well as I do", he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels! No objectionable odor, no lingering unpleasant aftertaste! Summing it all up, Shorty, I'll say Camels are the greatest cigarettes in the world at any price!"

Headed southeast tonight, with Winston-Salem, N. C. my first port of call. Some jump from K. C.! Pete, it's Winston-Salem where Camels are made! GET ME!

Sincerely

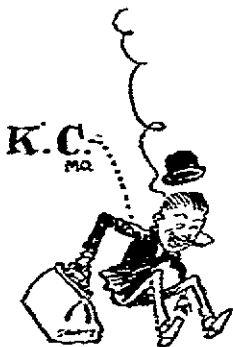

Shorty

SOMETHING IN YOUR EYE?

There Are a Few Simple Rules for the Removing of Irritating Particles.

Though many people have become expert in the art of removing irritating particles from the eyes of others, a few words on this subject will not be out of place. In removing a foreign particle from the eye, ask the patient to look down, and then take hold of the eyelash with thumb and forefinger of the left hand and pull the eyelid downward and slightly away from the eyeball. Next, exert, or turn back the eyelid by placing midway between the eyelashes and eyeball the tip of the thumb of the right hand and make the same movement that would be required to turn back the edge of a coat sleeve.

If the particle is located on the interior of the upper lid it may be removed with a clean handkerchief or a piece of clean cotton placed on the end of a toothpick or match. If the irritating substance is not on the upper lid try to find it in the same manner on the lower lid and remove it in the same way. When the particle is imbedded in the corner, or cornering of the eyeball, it is best to consult a physician or eye specialist. After removing the particle from the eye it is advisable to irrigate the delicate membrane with boric acid.

Under no circumstances should anyone touch the eye with a handkerchief or other agent that has been moistened with saliva or with the tip of the tongue.

In treating the eyes with some kind of liquid medicine one should take care never to invert the dropper after the solution has been drawn into the rubber end downward and the fluid permitted to run into the rubber and then back into the glass as the solution will very likely contain particles of powder that have washed off the rubber bulb, and these may irritate the eyes. Always hold up the rubber end of the dropper. The fluid should never be dropped directly on the eyeball unless the physician has so advised. The proper practice is to draw down the lower lid and place the drops on the exposed inner surface of the lid. One or two drops are always sufficient and it is only waste to use more.—Floyd W. Parsons in the Saturday Evening Post.

Riches of the Indian Tribes.

In connection with the practical reservation industries maintained by the government there are conducted twelve demonstration and three experimentation farms, and nearly 400 farmers, sockmen and assistants are employed and live near Indian communities for giving instruction and counsel. Under authority of the law the service handles large sums annually in loans to Indians as initial capital for beginning their self-support and looks after the later liquidation of these loans. The value of all individual and tribal property, if recent mineral returns are included, is approximately \$1,000,000,000.

Long Sitter.

"There is one thing which that young lawyer fellow of Eila's ought to be proficient in when he comes to practice."

"What is that?"

"The art of securing a stay."—Baltimore American.

Old Man in New York Guards the Secret of His Wealth.

CASH, BONDS IN POCKETS

Papers Found on Person of Peter Vidovich, Who Expired in Bellevue Hospital—Was Possessed of Property That May Total Many Hundreds of Thousands of Dollars—Had Large Deposits in San Francisco Banks.

A few minutes before midnight August 11 porters half-supported, half-carried a tall, thin old man, with gray eyes and sweeping mustache and clothed in garments that were almost dilapidated, to the booth of the Travelers' Aid society in the Pennsylvania station in New York city.

Miss Mary L. Gibbons, a worker, questioned the traveler. He said his name was Peter Vidovich, sixty-five, adding:

"I have but 50 cents. I wanted to go to Risan, Serbia, to die, but all my money has been stolen. I am without friends or relatives."

Calls Himself a Miner. Miss Gibbons hired a taxicab and took him to the municipal lodging house. He said he was a miner and had come to New York from Alaska via San Francisco.

Next morning he was so ill the superintendent had him removed to Bellevue. The old man died and his body was removed to the morgue.

Hanging in a closet off the ward were his dilapidated clothes. They were about to be destroyed when a physician suggested they be searched.

The search disclosed the old man possessed of property that may total many hundreds of thousands of dollars.

Cash, jewelry, Liberty bonds and valuable papers were crammed in almost every pocket. Some of the items were \$34,000 worth of Liberty bonds, bank transcripts showing \$69,000 deposits in three San Francisco banks, \$1,900 in cash, a ruby ring, a \$2,000 diamond stickpin, a small gold nugget and deeds to property in San Francisco and in Nome and Fairbanks, Alaska.

"Most Valued Client."

There was also a sealed will. This was drawn up in February, 1917. The Union Savings and Trust company of San Francisco was named as executor. A friend mentioned in the will is I. S. Alexander of 1840 Franklin street, San Francisco.

News of the old miser's death was sent to San Francisco by the Travelers' Aid. A wire was received from the San Francisco office of the society reading:

"We are authorized by I. S. Alexander to take charge of all effects of Peter Vidovich."

Another wire indicating the financial importance of the "peaniless" patient came to the Guaranty Trust company from its San Francisco correspondents reading:

"Peter Vidovich is one of our most valued clients."

Peter wrote into his will this provision:

"I hereby bequeath to each poor person in the town of Risan, Austria (now it is Serbia), or each poor family being supported by the Church of St. Peter the sum of \$25."

STORM STRIPPED CHICKENS

Many Visitors Call at Farm to See Effects of "Freak" Wind.

Many visitors were attracted to the farm of Harvey Lyman, between Newport and Stanton, Del., to view the freak effects of a night's storm, news of which had spread.

Nearly all the chickens, ducks and geese were blown away. The few that remained had been so tossed about they were stripped of their feathers. There was only one chicken coop left, the others having been blown so far they have not yet been located.

The barn was blown down and the roof taken from the house, but the machinery and farm wagons in the barn were not even moved. A large water tank on the second floor was carried several hundred feet. Clothing was blown from the third floor of the house and lodged in trees several hundred feet away.

Novel Blotter Pad.

To save the time wasted by pen users in picking up and laying aside ordinary blotters, a western inventor has devised a means for attaching the absorbent paper to the wrist, where it is available for instant use, but does not interfere with the movement of the writer's hand. The contrivance includes a curved leather holder, into which a small blotter can be fitted, and a strap for fastening the device in place.

Smoking Bad for Aviators.

Air ministry doctors in Great Britain have instructions to inquire into the family histories of persons who desire to become aviators, especially with references to tuberculosis, heart disease, or mental instability among near relatives. Smokers are to be closely questioned, and the doctors are to make a note such as C10 or P3—that is, ten cigarettes or three pipes a day.

Machine Worth Having.

"The typewriter will never be perfect," says the Syracuse Herald, "until it can go ahead and write something without somebody telling it what to say." Which reminds us of what Kipling in his livelier days wrote as a testimonial for a certain machine. "I just start the typewriter off with a line," he said; "then I go out for a walk, and when I return there is the poem all written."—Boston Transcript.

EIGHTY HAPSBURGS BROKE

Members of the Former Imperial Family in Great Financial Distress.

Eighty members of the Hapsburg family are in great financial distress, former Empress Zita of Austria said to a visitor in Prangins, where she and the former Emperor Charles are living.

Those who are "broke" chiefly are archdukes, archduchesses, and minor branches of the dynasty. Their incomes have stopped and they have also suffered great loss through the rate of exchange.

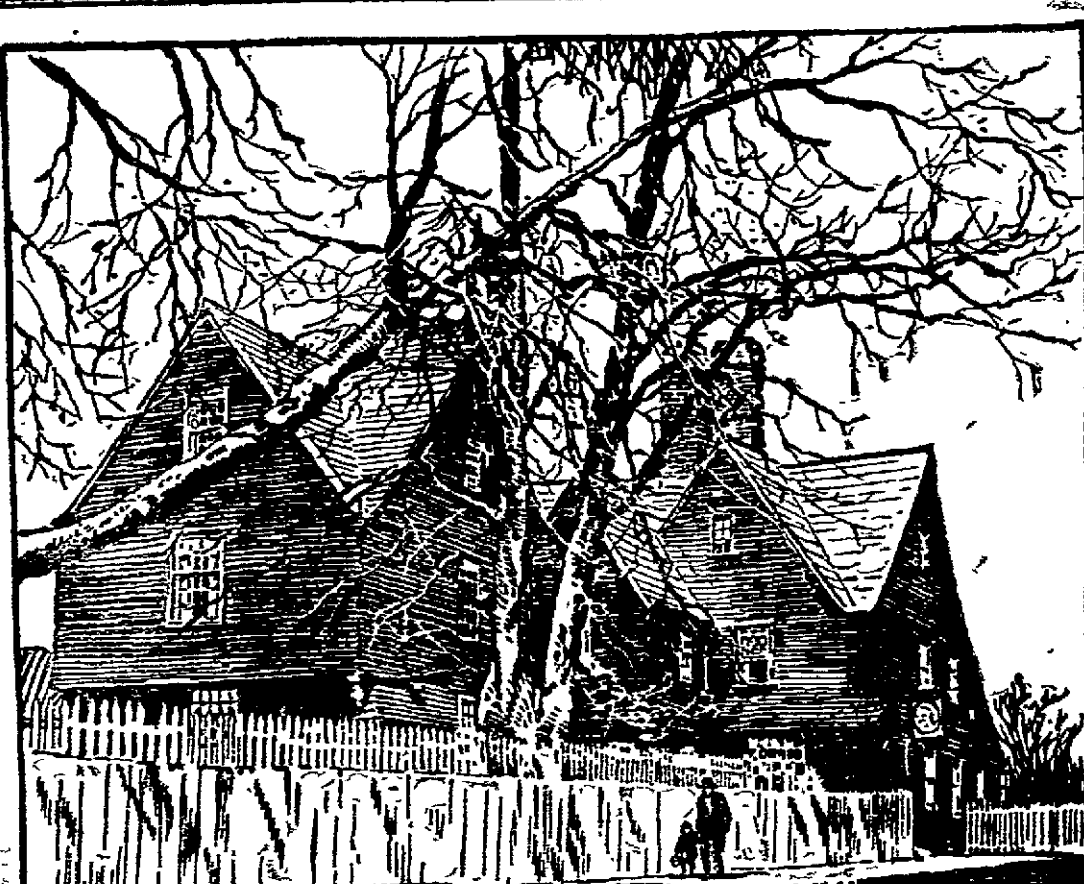

The exiles have been forced to seek employment in order to live, several archduchesses becoming governesses and others becoming maids. The archdukes are entering business as junior clerks.

Life's Best Task.

Life calls upon us to fill the place of men and women in the ranks of courageous world workers—gives us man-sized jobs in the service of our fellow men. Every weak turning aside from these tasks is traitorous to our own self-respect. If we shrink because the work is hard, we forfeit our own respect and that of everyone who knows us.—Orison Swett Marden in Chicago News.

You Must Believe This.

Perhaps the most remarkable freaks of lightning was that related by John Still, the famous bishop of Wells. A storm broke over Wells cathedral during a service. Afterward the bishop, his wife and many members of the congregation found themselves marked with a cross on various parts of the body. Not a soul was injured by the lightning.

The House of the Seven Gables, Salem, Mass., made famous by Hawthorne's book of the same name. It was built in 1662.

Every motor highway and byway throughout picturesque New England and New York is a part of the long Socony Trail.

MOTORISTS, commercial truckmen and farmers—from Salem, Mass., to Oswego, N. Y.—have come to depend upon Socony products. Thus, ordinary demand has become a responsibility which the Standard Oil Company of New York is constantly striving to fulfil. This is the reason for the steady growth of Socony service.

Refining processes, like motor construction methods, are always being improved. Socony gasoline is made and tested in accordance with the most recent standards of accuracy—insuring uniform cleanliness, constant mileage to every gallon and absolute dependability. There is a difference in gasoline—just as there is in coal. It will pay you to discriminate.

Socony is a straight-refinery gasoline. It vaporizes quickly, but it is more than a mere easy-starting fuel. Owners of large motor truck fleets use Socony regularly because it is uniformly high-powered and clean-burning.

Look for the red, white and blue Socony sign.

WEST ONEONTA

DELAWARE COUNTY NEWS

DAIRYMEN'S LEAGUE DIRECTORS: O'Donnell, — E. S. Bell and wife went to Hart's Monday, to spend a week.

— Messrs. Albert and Fred Cooper are now working in Birmingham.

Hobart, Oct. 12. — A meeting of the board of directors and county presidents of the Dairymen's League is called at Grant's hall Thursday, Oct. 14, when it is probable final arrangements will be made to carry out the orders of the dairymen that pooling be made operative as soon as possible. It is estimated that about two-thirds of the members of the Hobart branch of the league have signed the contract to pool their milk.

Religious Conference.

All who are interested in religious education, whether of children, young people or adults, are invited to attend an important meeting at the Methodist church on Thursday afternoon and evening, Oct. 14. At the first session at 2 o'clock, experienced Sunday school workers will speak and answer questions. Rev. Staley F. Davis, director of the Eastern division, will be in charge and Miss Cornith C. Channing, director of elementary work, and Rev. Arthur Moody, director of adult work, will address the gathering. A meeting of special interest to all will be held at 7:30 p. m. with an address by Dr. E. A. Dent of New York city. Subject, Mission Work at Home and Abroad. It will be an unusual privilege to hear these representatives of Sunday school and missionary boards.

Brief News Notes.

Mrs. S. L. Ives is visiting her daughter, Mrs. Zora Conrow, in Walton. — Mrs. Wright Nesbitt is seriously ill at her home below this village. — Miss Elizabeth McNaught left this morning for a short stay in Kingston, after which she goes to Denver, Colorado, where she expects to spend some time with her brother, Dr. Frank McNaught. — Mr. and Mrs. C. W. Ives, Mrs. Perry Canfield and son, Kenneth, returned Monday evening from an auto trip to Walton, Birmingham and Johnson City. They were accompanied by Perry Canfield, who is employed in Oneonta. — Mr. and Mrs. Lewis White have returned from their wedding trip and are at their home on Railroad avenue. — H. K. Rose of Moses Brook was a Hobart caller Tuesday. — Mrs. Frank Simmons of the township left today for Canastota, where she will visit her son, Prof. Edwin Simmons. — Mr. and Mrs. W. H. Sheffield, Miss Ann Halsey and B. L. Sheffield motored to Albany Monday afternoon, where Mr. and Mrs. Sheffield started on a week's trip to Chicago. — Miss Ann Halsey of North Paterson, N. J., is a guest at the Sheffield home in this place.

TREADWELL DOINGS.

Newly-Elected Officers of Royal Rebekah Lodge Installed.

Treadwell, Oct. 12. — Newly elected officers of Royal Rebekah lodge of this place were installed Friday evening by Mrs. Jessie Lakin, of Hancock, the district deputy, who was accompanied by Mrs. Bonnesford of the same place. ALGRETTS OF WOOD

Imitation Decoration Is to Be Used on Fall Hats.

Feathers Are Placed Around Hat Crown, Often Covering It and the Entire Brim.

No longer need the tender-hearted woman eschew the use of algretts for imitation ones made from wood will be used on the fall and winter hats, notes a fashion writer. These "algretts en bois," as they are called, are clever imitations of the real feathers and come in a variety of colors. They are placed around the hat crown, often covering it and the brim.

Coque feathers, white, colored and metallic, are also popular, and a burnt and glycerine ostrich are used. At present few straight or curled ostrich are seen. Trimmings at the side are in the majority, for many shapes show a length from side to side, and are trimmed to accent this feature. Wide ribbons will play a prominent part in the fall millinery. They are of metallic and figured silk, together with novelty effects, and are very attractive.

The general tendency of the fall millinery seems to be toward larger shapes than have been worn for several seasons past, although the off-the-face model will still be worn.

Fabric hats are still in vogue, velvet or hatters' plush, tulle and silk being used. Fur, such as beaver and squirrel, will probably be featured as trimming, while among the colors, old gold and the various browns will lead. Alluring bandeaux of paradise are shown for wear with evening gowns. One having a cluster of onyx-colored

Hat of autumn hay brown, velvet with ostrich feathers drooping over the brim.

paradise is studded with copper beads. Large fan-shaped combs of the Spanish type of carved tortoise shell and amber are attractive, while smaller ones set with brilliants, sapphires, jade and other semi-precious stones may be worn to match the gown.

FALL FASHION FOREHINTS

Paper suits are being promised to us for the winter. Certain varieties have been ordered from Germany. They will sell from 50 cents to \$2 for a skirt and coat. The separate skirt will sell for \$1 and some as low as 50 cents.

Draperies are also being made of paper. The cloth closely resembles linen in appearance and is made into good colors and it would take the expert to distinguish it without close examination. It comes in the natural color also.

Paper suits are likely to be used for winter wraps for sports purposes. Wraps made of paper are also being made.

The Egyptian, Persian and Renaissance influence is noted in the fall garments. Dresses show slightly longer skirts with silhouette that is straight in line and simple with waist line placed very low.

Embroideries are one of the big features.

Boles and upper sleeves are entirely embroidered with skirts made plain or the skirt is embroidered and the bodice made plain.

Among other trimmings we note soutache braidings, arranged to stand out from the fabric and narrow bands are worked into novelty patterns.

Tailored suits have jackets of the gun length. They follow the line without any fullness.

Collars are built to inclose the chin. Some coats have two collars, one standing upright and the other turning back.

The dresses used for day wear are simple.

Few dresses have any girdles. Usually they have high necks and three-quarters length sleeves.

Sleeves are wide in the afternoon frocks. Necklines are open in some.

For evening a low décolleté is sponsored. Corsets are long and fit smoothly above the skirts, which have long floating panels.

Velvet is one of the materials that are used, as also are lame and metal laces and many patterned fabrics.

Wraps are developed in cape styles. Straight lines appear in the tailcoats. Plain skirts are seen.

Jackets are finished with high fur-lined collars and narrow belts in fabric or leather. Some introduce narrow panels, while skirts are of even lengths.

Egyptian Mummy Cloth.

The extraordinary durability of the ancient Egyptian mummy cloth is believed to be due to the fact that it was finished with a vegetable glue derived from the African locust-bean tree.

The Idler the Busier.

Curiosity, which is called idle, is always on the job.—Albany Journal.

The Army & Navy Surplus Stores

38 Broad Street

Oneonta's ONE and ONLY ARMY STORE takes great pleasure in informing the public that it has come to Oneonta as a PERMANENT ADDITION to the BUSINESS of this community, and that any information not conforming with this statement is absolutely untruthful.

We have received the most cordial welcome and have been extended the sincerest wishes by the buying public.

AND WHY?

Because of our PRINCIPLES and METHOD OF DOING BUSINESS!

We claim distinction to the fact that we are ONE-ONTA'S ORIGINAL and ONLY ARMY STORE — That through our ENORMOUS PURCHASING POWER we can give you the most possible DOLLAR-FOR-DOLLAR HONEST - TO - GOODNESS VALUE.

And the best recommendation of all—OUR HUNDREDS OF SATISFIED CUSTOMERS.

The Mutual Life Insurance Co's New \$10,000 Policy

AN IMMEDIATE INCOME FOR YOU

If before age 60 you become totally and permanently disabled, you would receive \$100 a month, conditioned on permanency of disability, for life and the payments would begin IMMEDIATELY.

Payment of premiums to the company would stop immediately. Dividends would continue to be paid, the same as if premiums were being paid.

Full amount of policy payable at your death, without deduction of the unpaid premiums or of the Monthly Income you had received.

DOUBLE PAYMENT

If death is caused by accident, and occurs within 90 days after the accident, \$20,000 will be paid to your beneficiary — the face amount of the policy is doubled.
